

Introducing an Eden Project branded range of ethically produced products, originally designed for the Eden Project shop, but now available to retailers exclusively through **Green Pioneer**.

All of the products feature graphics by Cornish Designer Ley Roberts, and most are made in Cornwall. The Eden Project charity will receive approx 5% of retail sales which will go towards their research and education into conservation and working towards a sustainable future.

Organic Cotton Kitchen Textiles

Screen printed in Cornwall two miles away from the Eden Project on organic cotton from Turkey. Soil Association certified.
